Loke CAft a duna como recomendacion

Y cu por conduci na 'aanwijzing' di Gobierno di Reino

Den un rueda di prensa siman pasa, ministro encarga cu finanzas publico a reacciona fuerte riba e comentario cu e colegio di supervision CAft a duna riba e presupuesto aproba pa 2022. Manera por a anticipa, opinion di e mandatario riba esaki no tabata di elogio, al contrario.

Pero kico exactamente ta loke CAft a trece dilanti? Pa mayor claridad den esaki, nos ta trece for di e carta di CAft na gobierno, textualmente e puntonan cu CAft mes a pone bao di otro:
"CAft ta di opinion cu tanto e presupuesto como e presupuesto multi-anual ta cumpli di forma insuficiente cu e normanan di articulo 14 di 'LAft' (ley Arubano di supervision financiero; red.) y e protocol y ta conseha Aruba pa adapta e presupuesto.

Por lo tanto CAft ta duna bo, a base di articulo 11, inciso 2 y inciso 3 di LAft, e siguiente recomendacionnan:
1. Adapta e gastonan presupuesta pa bienes y servicios cu por lo menos AWG 39 miyon menos, asina cu e gastonan di bienes y servicios lo ta na nivel di e periodo precorona.

2. Obliga Serlimar resolve e obstaculonan encuanto imposicion y cobranza y laga e obligacion cay di compensa e deficitnan di Serlimar. E aporte financiero adicional di AWG 3 miyon mester ser saca di presupuesto.

3. Mantene e recorte di 12,6 porciento riba e condicionnan laboral te ora Conseho di Gobierno di Reino (RMR) lo a dicidi riba esaki y kita e stelpostnan den gasto di personal y di subsidio di respectivamente AWG 11 miyon y AWG 8 miyon.

4. Limita e gastonan di personal na 2022 te maximo AWG 417 miyon pa asina cumpli cu e norma pa gasto di personal di e protocol.

5. Compensa e anterior reduccion di loonbelasting di AWG 15 miyon, cu un aumento di impuesto o reduccion di gasto, ambos structural.

6. Mehora e compliance di tal manera cu e adaptacion disminuyente di entrada di belasting cu AWG 20 miyon, compara cu e proyecto di ley di Presupuesto, ta keda elimina.

7. Indica na ki momento lo introduci medida den cuido (di salud), splica den e presupuesto cual perdida di economizacion lo ta anticipa pa AZV pa e aña aki y cual medidanan compensatorio lo ser tuma dentro di e budget di cuido.

8. Evita e institucion di un fondo presupuestario separa pa, entre otro, e compensacion di e 'eigen bijdrage' di casonan mas conmovedor.

9. Fundamenta cu argumento e inversion di AWG 16 miyon pa RWZI y incorpora e costonan di renobacion di Beatrixschool (AWG 4 miyon) como onversion riba kapitaaldienst.
10. Adapta e presupuesto multi-anual di tal manera cu esaki desde 2023 lo mustra saldonan di financiamento positivo en conformidad cu LAft y e protocol, y ta duna contenido na e obligacion legal pa compensa deficit manera ta stipula den articulo 17 inciso 3 di LAft.

11. Incorpora, den linea cu e crecemento economico anticipa, den e presupuesto multi-anual e recuperacion completo di e entradanan di belasting y provee esaki di un splicacion.

12. Sustenta cu ilustracion e beneficionan extra anual di AWG 160 miyon di e introduccion di BTW na 2023. Indica tambe di ki manera compensacion lo tuma lugar.

13. Incorpora e suma restante di maximo AWG 78 miyon na subsidio di salario cu mester cobra back desde 2023 den e presupuesto multi-anual.

CAft den su reaccion extenso tambe ta bisa pakico a yega na e serie di recomendacion aki: "CAft ta constata cu cierto di e recomendacionnan ariba menciona ta ser haci desde 2019 caba y no ta cumpli cu nan, o no suficientemente. Tambe no ta duna contenido, o no suficientemente na decisionnan di RMR. A traves di no sigui e recomendacion y decisionnan, e Pais ta laga posibilidad pa mehoracion di finanzas publico sin usa. CAft ta urgi cumplimento cu su consehonan y ta pidi pa, a base di articulo 11 inciso 4 di LAft, pa dentro di 14 dia, pues pa mas tarda dia 24 di mei proximo, indica te unda y di cual manera lo tene cuenta cu e recomendacionnan inclui den e conseho aki. CAft seguidamente, a base di bo reaccion, determina si un continuacion di e procedimento, manera describi den articulo 11 y articulo 12 di LAft, ta ser considera necesario."

E articulonan 11 y 12 di LAft na cual CAft ta referi, ta encera e proceso cu ta sigui despues di cu CAft a duna su conseho na gobierno di Aruba, pa adapta cierto aspecto di e presupuesto aproba. Si e reaccion di gobierno, den cual mester splica con y te unda lo cumpli cu e recomendacionnan di CAft, no ta satisface e organismo aki, e promer paso ta pa informa conseho di ministro, a traves di e ministro di finanzas, y Staten.

Siete dia despues di a manda e documento di CAft, si ainda segun CAft tin ainda un presupuesto aproba, o un ley di cambio di presupuesto, cu no ta cumpli segun CAft cu e normanan di articulo 14, CAft ta informa RMR di e situacion. E notificacion aki por bay acompaña pa un conseho, motiva, pa duna un 'aanwijzing' (instruccion) na gobierno di Aruba.

Pa comentario di Bon Dia Aruba, nos ta referi na e Editorial di awe.

Quanten Consortium Aruba LLC su headquarter ta un record shop di K-Pop segun Google Maps

Duda tocante realidad di Quanten Consortium Aruba LLC

Quanten Consortium Aruba LLC, compania cu tin interes di inverti 3.5 biyon dollar na Aruba, a gana un contract na Angola di otro 3.5 biyon dollar. Nan tambe ta luchando pa gana e destaho pa habri e refineria di Trinidad and Tobago bao e nomber di e compania principal Quanten LLC cu un inversion di 7 biyon dollar. Pero segun Google Maps, su headquarter ta un record shop y su sede na Angola ta un warehouse.

Tabata januari di aña 2021 ora gobierno di Aruba, por medio di un comunicado, a informa cu companianan Eagle LNG y Quanten Consortium Aruba LLC a firma cu Refineria di Aruba (RdA) pa sigui cu negociacionnan pa asina mira si ta yega na acuerdonan pa Quanten LLC di su banda traha riba e reapertura di e refineria y Eagle LNG riba un proceso y desaroyo nobo.

Den comunicado a señala cu diahuebs 14 di januari 2021 tabata un dia grandi pa motibo cu a tuma luga e firmamento di acuerdo “Letter of Exclusivity” entre RdA y Eagle LNG pa desaroya un facilidad di gas na Aruba/San Nicolas. Prome Minister Evelyn Wever-Croes a expresa cu e momento ey tabata grandi pa Aruba, cual lo trece desaroyo economico, crea cupo di trabao y genera divisas.

Dia 15 di april di 2021, prome minister Evelyn Wever-Croes a publica riba su red social Facebook e noticia cu e siman ey el a reuni cu Jeff Meyers, CEO Quanten Consortium Aruba LLC (QCA), Karl Welch VP Quanten Consortium Aruba LLC (QCA), Dr. Segun Thomas, Managing Partner Quanten Consortium Aruba LLC(QCA).

“Esakinan ta algun di e partners den e consorcio cu ta negociando tocante reapertura di e refineria. Nan tin hopi interes den e refineria. Nan lo cambia e refineria y hacie uno moderno y mas limpi. Esaki ta pas den nos vision. Den 4 pa 5 siman nos lo haya sa si ta un GO of un NO GO”.

Te awe, dia 6 di juni di 2022, un aña despues, comunidad no tin conocemento si e acuerdo aki na Aruba a bay door si of no.

Bon Dia Aruba a haci un investigacion riba e compania Quanten Consortium Aruba LLC cu a priminti di hinca 3.5 biyon dollar pa e proyecto aki. Nan ta indica cu lo nan bay rehabilita, actualisa, opera y transforma di un manera sostenibel e refineria di Aruba pa asina ey refina 235.000 bari di petroleo pa dia cu opcion pa expande te cu 350.000 bari di petroleo pa dia, tur esakinan di manera ‘Carbon Neutral Operation’.

Segun Quanten LLC su website, nan tin 125 aña di experiencia cu proyectonan grandi na Hapon, China, Merca, Europa, India, Africa y incluyendo nos hermana isla di Corsou.

Bon Dia Aruba continuando cu su investigacion a mira cu Quanten LLC a wordo funda aña 1998, na San Jose, California, Merca; akinan caba por mira cu tin un discrepancia cu e informacion anterior tocante nan 125 aña di experiencia y segun nan website mes ta señala, nan tin un capacidad di entre 11 pa 50 trahadonan.

Jeff Meyers hunto cu su ruman ta specialista den area di energia, ofreciendo nan servicionan pa proyectonan comercial y industrial unda cu nan ta miembro y fundado di Quanten LLC conhuntamente cu Quanten Electrical Contractor Inc, Quanten Consortium Aruba LLC (QCA) y Quanten Consortium Angola LLC; e dos ultimo compania aki a wordo registra pa e mesun agente y cu e mesun adres 16506 Scenic Peacks Ct, cu ta un cas na Texas, Merca.

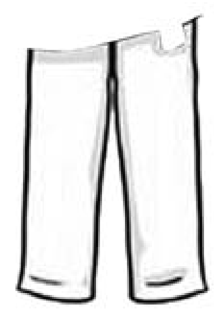

Sinembargo, riba e website di Quanten LLC Aruba ta indica cu nan adres ta na 1161-70 Ringwood Court, CA 95131 na San Jose, California, Merca, unda cu ta mustra cu e headquarter ta un libreria y un record shop bao e nomber di ‘KloudK-Pop’ y esun di y Quanten Consortium Angola LLC ta ubica 50 meter leu di dje, segun e adres ta indica. Di loke ta trata Angola, nan tambe a gana e destaho publico pa construi un refineria cu 100.000 bari di petroleo pa dia, segun rapport di Oil and Gas Journal, cu fecha di maart di aña 2021, e rapport ta señala cu hunto cu e construccion di e refineria aki nan lo tin e flexibilidad pa procesa productonan final di petroleo como gasolin, diesel y combustibel pa avion.

Ademas di e construccion y diseño di un infrastructura asocia cu un planta di corriente, awa potabel, tratamento di awanan manera Bubali Plas unda cu su desaroyo tin fecha pa aña 2024 cu un inversion di 3.5 biyon dollar y a wordo registra na un adres cerca di Quanten Consortium Aruba LLC.

Di otro banda, a keda conoci cu Quanten LLC tambe ta haciendo un oferta pa opera refineria di Trinidad and Tobago ‘Pointe-a-Pierre’ cu un inversion di 7 biyon dollar, unda cu senador di oposicion, Wade Mark siman pasa a trece dilanti su preocupacion tocante esaki y a pidi un aclaracion na gobierno di Trinidad and Tobago. E ta manifesta cu e compania ta bay haci un inversion asina grandi y nan adres ta registra na un simpel cas na Texas, manera e website www.trinidadexpress.com ta señala.

“Sikiera pa nan nenga cu no ta berdad. Bisa na Trinidad and Tobago cu esaki no ta nan oficina. Nos kier un aclaracion di Gobierno pasobra nan no a pronuncia riba esaki ainda. E supuesto compania aki ta cerca di ricibi e funcion y responsabilidad di opera nos refineria di 7 biyon dollar”, Mark a bisa.

Preguntanan ta bin dilanti unda cu e mesun compania aki a firma un acuerdo cu Gobierno di Aruba cu e proposicion di rehabilita, actualisa, opera y transforma di un manera sostenibel e refineria di Aruba, pero cu te ainda comunidad no a mira un desaroyo den esaki for di aña pasa.

Alina Bobrova:“busca ayudo ora bo tin mester di dje”

Door di tende di nos hobennan cu a bay studia caba, por yuda esnan cu pronto lo bay

Nos ta acercando e temporada unda cu varios di nos hobennan lo sali for di e pais pa sigui nan estudio den exterior. Algun ta bayendo paisnan conoci manera Hulanda, otronan Merca, y hasta Canada. A pesar cu nan ta bayendo varios diferente luga, algo ta keda en comun: Tur lo ta studiante internacional.

Como un studiante, tin hopi lucha cu un hoben y/of persona ta enfrenta, y tur esaki por ta aun mas dificil pa un studiante internacional, ken mester siña ambos na scol y den bida, completamente nan so y leu di cas.

Nos sa tende hopi di hobennan ora cu nan sali for di nan pais pa sigui un estudio den exterior, pero nos no ta tende hopi di con hopi esfuerso nan ta haci den exterior, y con nan bida en realidad por ta. Hopi biaha nos ta lubida cu e hobennan aki no solamente ta bay exterior pa studia, sino tambe pa desaroya nan mes y nan bida. Ademas di percura pa tin un bon prestacion na scol y genera bon resultado, nan tin cu crece, desaroya, y hopi biaha siña conoce nan mes den un mundo completamente diferente na esun cu nan conoce.

Esaki ta e caso pa hopi studiantenan manera Alina Bobrova, ken tin 19 aña di edad y a sali for di su pais natal Latvia pa sigui su estudio na Hulanda. Alina a expresa cu e parti mas dificil pa su persona tabata sinti su mes na cas “na un luga nobo, unda cu mi no tabata conoce ningun hende.” E ta sigui conta cu “na comienso e tabata basta dificil pa nabega e ambiente stranhero. Sinembargo despues di un tempo, mi a conoce varios persona cu a yuda mi cana e caminda.”

Na momento cu e hoben yega su destino pa studia, prome cu logra experiencia scol, e prome cos cu tin cu lidia cune ta e ambiente nobo. E prome desafio hopi biaha ta custuma cu e pais nobo y sobrepasa e shock cultural inicial. Mester tambe reconoce cu esaki no ta e caso pa tur hoben, sinembargo, mayoria biaha, mas leu di cas e hoben bay, mas grandi e shock cultural por ta. E bunita banda di esaki ta cu e ta yuda nos muchanan desaroya nan independencia, y siña nan sali for di nan zona di comfort. Esaki no ta nifica cu nos por laga nan pa nan mes, asumiendo cu pa motibo cu nan mester independisa, nan mester siña con pa sobrepasa e momentonan aki nan so.

“Personalmente, mi ta kere cu un di e conceptonan eroneo mas grandi cu tin ta cu studiantenan ta adultonan completamente desaroya, siendo cu e realidad ta cu mayoria di nos no sa en realidad kico ta pasando rond di nos, y ta purbando di por siña con pa biba nos so, ta un persona responsabel y independisa nos mes,” Alina a comenta, agregando cu esaki ta trece hopi stress y e lo ta algo “hopi bunita si adultonan dispone nan mes pa yuda nos mas y sostene nos, primeramente pa medio di compronde cu nos ta haciendo nos best, y e no ta facil pa nos por balansa studia, biba nos so pa prome biaha y traha tambe.”

Mayoria studiante cu bay studia den exterior, eventualmente mester traha tambe. E por ta algo sumamente dificil pa por balansa scol, custuma na un bida nobo, siña conoce bo mes, desaroya bo mes, crea amistadnan nobo y traha. Tur esaki ta agrega stress y presion riba nos hobennan pa motibo cu for di scol caba nan ta haya tareanan cu hopi biaha ta sumamente grande, manera por ehempel un pelicula, pa Alina e “preocupacion mas grandi di e tarea aki ta e parti di finanzas. Nos mester a busca tur e localidadnan, actornan y fondo nos so. Esaki ta algo hopi dificil.” E hecho cu nos hobennan hopi biaha ta bao asina hopi stress y mester enfrenta tanto desafio na mesun momento, ta haci cu ta di suma importancia pa nos tur siña y busca manera di yuda nos hobennan cu ta den exterior.

Nos como mayornan y/of adultonan den e bida di e hobennan aki, cu pronto lo ta den e mesun trayectoria cu hopi di e hobennan cu a sali bay prome cu nan, mester mantene un bon comunicacion y conscientisacion di ambos banda, tanto pa e studiante como pa e mayor of adulto cu lo compaña nan riba e caminda. Nos tin cu semper tene na cuenta cu nos hobennan lo sigui tin mester di nos aunke nan ta pasando door di e proceso di independisa nan mes. Nan tin mester di sosten y apoyo di mesun manera, y hopi biaha aun mas, cu ora nan tabata banda di nos.

Y nos hobennan, manera e conseho di Alina, ken ta un hoben canando e caminda cu pronto boso lo cana, ta bisa “no tene miedo di pidi pa ayudo. Esaki no ta e momento unda cu bo por haci tur cos bo mes ainda, y mayoria persona ta dispuesto pa ricibi bo cu man habri, y brinda e sosten y apoyo cu bo tin mester, pero abo tin cu pidi p'e y busk'e.”

CAft no mester di stoel...

Di ministro pa por papia cla...

Den e siman nos tras den un rueda di prensa nos ministro encarga cu finanzas publico a duna un respuesta riba e conseho cu el a ricibi di CAft, cu no a laga nada di duda kico e mandatario ta pensa di e colegio di supervision. E ta haya cu nan (CAft) kier sinta riba su stoel, bisando cu esaki cu e organismo ta laga su posicion di consehero bay pa asumi un posicion incorecto di kier impone riba gobierno.

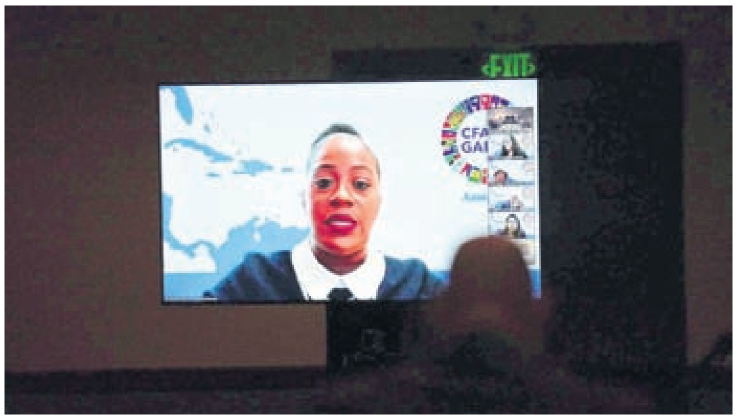

Aparte di e opinion di e mandatario cu e colegio a asumi un papel cu no ta coresponde na nan, ta logico pa tira un vista riba loke di berdad CAft a trece dilanti. No tur hende ta bay riba e website di C(A)FT pa lesa henter e carta di mas di 10 pagina, pesey nos a facilita den e edicion aki e recomendacionnan sintetiza di CAft mes. Cada ken huzga pa nan mes si e mandatario tin razon of no. Mas interesante, y importante, ta sin embargo e puntonan treci dilanti pa CAft, di cual hopi di nan ta data di aña 2018. Pa e mandatario esey tabata motibo pa descarta nan como noticia bieu, o manera nan ta bisa na Hulandes, "ouwe koeien uit de sloot halen". Pero e motibo pa menciona nan ta pasobra nan ta punto no cumpli ainda, cu ta parti di e discusion andando actualmente cu gobierno. Por ehemplo, tocante e nivel di gasto di personal e protocol ta menciona e suma di Afl. 479 miyon como maximo, pero tambe ta bisa cu cada aña e presupuesto mester mustra un reduccion nominal compara cu e aña anterior. Ademas, gobierno mes a bin cu e plan pa reduccion di personal (BVP) di cual te awe no a ehecuta nada... Manera treci dilanti mas biaha den e Editorial aki, ni sikiera gobierno a considera pone un paro na e aumento automatico di salario, cu ta un estorbo grandi pa por wanta gasto di salario na un cierto nivel. E asunto aki ta bolbe bin dilanti den e Uitvoeringsagenda, acorda como preludio pa introduccion di COHO, sin cu te awe gobierno ta move un dede, pa no papia mes di e demas medidanan. Pues, structuralmente no ta sucediendo nada riba e tereno aki.

Gobierno di su banda ta mustra cu nan a baha gasto, a traves di e recorte di salario. Y ken tabata promer pa 'bringa' pa kita e reduccion di salario aki? Cu esey, gobierno mes ta indicando cu e reduccion tabata algo temporal, pues ningun aporte na un maneho di limitacion structural di gasto. Den e sentido aki gobierno no ta cumpliendo cu e protocol di 2018. Lo por tin hende cu ta bisa cu no ta un problema pa e gastonan di personal subi, basta no ta pasa e limite di Afl. 479 miyon menciona. Ta parce bunita, pero ta realiza cu e aña aki so caba nos tin un deficit di mas di 230 miyon, placa cu mester fia pa paga despues. Ademas, y esey tambe ta algo cu CAft ta critica den su conseho, cu ta te na aña 2026, despues di eleccion 2025, gobierno ta pretende yega na un surplus riba presupuesto. Den e añanan aki, di 2023 te 2026, e pretension ta pa fia un extra di mas di Afl. 480 miyon, aparte di e debe cu ta laba laba 6 biyon florin caba... Y mientras tanto, gasto di personal ta sigui crece, igual bienes y servicios, pasobra gobierno no tin ningun intencion di economiza, y riba esey no kier pa ningun hende bisa nada...?

Nos ta kere cu aki si e mandatario ta mal equiboca, bisando cu nan kier sinta riba su stoel. Nan no mester di e stoel ey pa nan haci loke nan mester haci, y esey ta pasobra nan propio stoel ta exigi di nan pa haci nan trabao, esta controla finanzas di gobierno. Nan no ta un simple consehero di gobierno, cu mester duna conseho y despues mira cu gobierno, si nan santo gana ta dicta esey, ta benta e conseho den bari di sushi. Nan ta consehero na promer lugar di Gobierno di Reino, pa conduci e supervision financiero cu a keda introduci na 2014/2015. Cu tabatin otro gobierno no ta relevante, esun cu ta sinta awor mester atende e asunto.

Interesante ta mientras tanto tambe cu CAft a pidi un splicacion di gobierno con nan a yega na e calculacion di e mas o menos 160 miyon florin extra cu introduccion di BTW mester trece den caha; un pregunta cu redaccion di Bon Dia Aruba a haci tambe na CAft, cu aparentemente na e momento ey tampoco tabatin claridad riba esaki. Gobierno por trece henter un show di supuesto consulta cu e gremionan sin berdaderamente duna nan nada concreto, pero aki ta trata di otro wega di otro nivel. Den su carta di conseho CAft ta indica caba cu respuesta insatisfactorio di gobierno por conduci na un notificacion di gobierno di Reino, cu un eventual 'aanwijzing' como conseho. Mirando e contenido di e carta nos no por conclui nada otro cu e colegio ta haciendo e trabao pa cual el a keda institui. Ta parce cu nos mandatarionan ta keda cu dolor di intestino pa e realidad di e supervision financiero, cu no ta bay desaparece por arte de magia. Goberna drechi, y ningun hende ta purba sinta riba bo stoel.

Aruba ta den evaluacion di CFATF

Aruba ta den evaluacion di "Caribbean Financial Action Task Force" (CFATF) cual ta parti di e organisacion mundial "Financial Action Task Force" (FATF). E organisacion aki ta guia, evalua y controla cu paisnan tin nan sistemanan na luga, pa combati labamento di placa y financiamento di terorismo.

E siman aki a tuma luga un reunion (virtual) plenario di CFATF caminda cu a trata e caso / evaluacion di Aruba y Prome Minister tabatin e espacio pa hiba palabra cu esnan cu a evalua Aruba. "E tabata un bon reunion, nos a haya hopi elogio pa e trabaonan haci na Aruba. E ta mustra cu nos ta bayendo un bon caminda pero mester warda pa e evaluacion keda cla," Prome Minister a expresa.

Prome Minister Wever - Croes a splica con a yega na e momento di e evaluacion aki. E evaluacion di CFATF a inicia desde mitar di aña pasa. Prome Minister como voorzitter di e comision "Anti Money Laundering/ Counter Finance of Terroism" (AML/ CFT), hunto cu Banco Central di Aruba, Ministerio Publico, MOT y Camara di Comercio, sosteni pa un team hopi dinamico den gobierno, a cuminsa prepara intensamente desde 2018, ora cu pa prome biaha Premier Wever - Croes a asumi e responsabilidad como Prome Minister di Aruba.
A haci un "National Risk Assessment" pa mira kico ta e riesgonan cu tin na Aruba y a percura pa tapa tur e riesgonan ey y aworaki ta den evaluacion.
E proceso di evaluacion aki ta algo cu ya pa hopi aña ta wordo aplica na diferente pais. Si na momento di un evaluacion, nan yega na un conclusion cu un pais no ta cumpli cu e rekisitonan pa combati labamento di placa y financiamento di terorismo, e pais ta bay den un proceso hopi intenso di scrutina, cu ta afecta e reputacion di pais Aruba. Esaki ta stroba inversionistanan di inverti den e pais y e pais ta haya mas problema.

Concluyendo Premier Wever - Croes a bisa cu awor cu e reunion plenario a tuma luga, ta den espera di e evaluacion final pa haya sa unda Aruba ta para y kico por spera den e tempo nos dilanti. Ademas a gradici tur esnan di sector publico, semi-publico y priva cu a traha, sostene y contribui na esaki.

Minister Maduro a repasa e conseho di CAFT riba Presupuesto 2022 y a duna un splicacion riba e reaccion di Gobierno na CAFT

"A tene debido cuenta cu tur conseho di CAFT y Aruba ta cumpli cu e normanan stipula."
Recientemente Gobierno a ricibi e conseho di CAFT riba e Presupuesto 2022 cu a keda aproba pa Parlamento di Aruba.

Den conferencia di Minister di Finanzas, Xiomara Maduro a repasa e conseho di CAFT y a duna un splicacion riba e reaccion di Gobierno na CAFT. Den liña grandi, CAFT ta resumi un cantidad di conseho cu ya caba Gobierno a bin ta atende cu nan debidamente. Aruba ta cumpli cu tur norma stipula rumbo un maneho financiero manehabel.

A tene debido cuenta cu tur conseho di CAFT
Minister Maduro a splica cu den Presupuesto 2022 y tambe den e uitvoeringsrapportage URK4 di aña 2021, Gobierno a tene debido cuenta e conseho nan di CAFT y tambe e den Memoria di Splicacion cu ta compaña e Presupuesto 2022, Gobierno ta splica kico a wordo haci cu e recomendacion nan di CAFT. E mandatario ta haya cu CAFT den su conseho riba Presupuesto 2022, ta djies resumi tur conseho cu a yega di wordo duna caba y no ta tene cuenta cu e argumentonan y splicacion di parti Gobierno. CAFT den su conseho tampoco no ta bin cu contra-argumento riba e contesta di Gobierno.

Aruba ta cumpli cu e norma stipula
Na man di dos grafico, Minister Maduro a mustra cu Gobierno ta cumpli cu e norma cu a keda acorda pa hiba Aruba rumbo di un finansa publico manehabel. E mandatario a splica cu pa locual ta trata e saldo financiero, Aruba ta cumpli cu un deficit cu ta dentro di e maximo stipula pa Conseho di Minister di Reino. Riba gasto di personal, Aruba desde 2019 caba a bin ta cumpli cu e norma fiha den e protocol di 2018 di un maximo di 479 miyon florin. Riba e punto di quota di debe, Minister Maduro a informa cu e quota di debe, pre-covid na 2019 a conoce un bahada te cu 71.8% y post-covid na aña 2021, debi na e fianza ricibi di Hulanda pa yuda Aruba cu e situacion di Covid-19, e quota di debe a yega te cu 108%.
No por keda tene na norma pre-covid
Minister di Finansa a trece dilanti cu e pandemia a ocasiona un otro situacion financiero. Pa e motibo aki no por djies sigui wanta na e norma nan financiero pre-covid, ya cu esaki nan no ta realistico. E efectonan financiero di e crisis ta dificulta, crecemento economico, implementacion di Landspakket y gobernacion di nos pais. Den e situacion cu Aruba su finansa publico ta, nos no

por keda tene na e norma pre-covid. E reformanan necesario pa Landspakket ta costa placa. COHO no ta pone placa pa paga e gastonan structural cu Landspakket ta trece cune ya cu e gastonan aki lo keda bin den e presupuestonan di e añanan nos dilanti y mester di fondo pa paga pa nan. Cumpli cu e reforma nan di e Landspakket ta bay trece mas gasto y si keda tene na e norma di prome cu covid, esaki lo hiba nos na un resultado irealistico.

CAFT cu 13 conseho
CAFT a bin cu 13 conseho riba Presupuesto 2022. Ta trata di conseho riba servicio y producto, Serlimar, recorte di 12,6% , gasto di personal, loonbelasting, 'compliance' DIMP, AZV, fondo apart pa compensa eigen bijdrage di AZV, RWZI, surplus den 2023, scenario crecemento economico, entrada di BTW y subsidio di salario. Minister Maduro a repasa cada un di nan y a duna un splicacion di Gobierno su reaccion. Hopi conseho Gobierno a trata caba y pesey e mandatario a referi na e carta nan y documento nan den cual a atende debidamente cu nan. Den un otro articulo lo amplia riba cada un di nan.

Gobierno por logra mas opinion (scucha diferente voz) den representacion di gremio, si Gobierno tuma como maneho pa NO nombra den “Sociaal Economische Raad” un MIEMBRO DI DIRECTIVA di un o otro organisacion den representacion di FUL UN GREMIO.

Den practica diario, ya caba Gobierno ta reuniendo regularmente cu e directiva di e organisacionnan ey y Gobierno sa caba con e directivanan ey ta pensa, di moda cu nombra un miembro di directiva di e organisacionnan ey tambe den SER ta manera bolbe tende e mesun opinion via SER.

Miguel Mansur (Accion21):

Iniciativa di ley pa habri matrimonio pa personanan di mesun sexo

Mundialmente nos ta celebra juni como Luna di Orguyo pa comunidad LGBT+. E celebracion anual ta conmemora e Stonewall Riots cu ta marca e comienso di e movemento internacional pa derechonan igual pa esnan cu ta forma parti di un minoria sexual incluyendo lesbiana, gay, bisexual, transgenero etc. Igualdad huridico y di oportunidad pa esnan LGBT+ ta un derecho humano ya caba estableci den mayoria di paisnan avansa.

Aruba su mesun movemento di igualdad pa esnan LGBT+ a cuminsa na 2006 cu e caso Oduber-Lammers, un pareha lesbiana Arubana-Hulandes casa na Hulanda, cu a tuma accion legal pa por registra nan matrimonio localmente. Na 2007 hues a dicta cu Censo/Registro Civil lo mester registra e matrimonio Hulandes di e residentenan Arubano pero e victoria a keda simbolico paso e no a otorga ningun derecho adicional.

Na 2016 ex-Parlamentario Desiree Croes a propone un amienda pa introduci union civil (geregistreerd partnerschap) cu e mesun derechonan di matrimonio pa tanto parehanan di mesun sexo como esnan di sexo diferente. Parlamento di Aruba, cu 11 voto na fabor, a pasa un amienda di consenso creando union civil pero sin e derechonan igual na matrimonio. Aruba su Parlamento tabata e prome organo legislativo den Caribe pa aproba union civil pa parehanan di mesun sexo.

Na 2021, Parlamento di Aruba cu 17 voto na fabor, a aproba implementacion di cambionan na nos codigo civil (burgerlijk wetboek) incluyendo introduccion di union civil. Desde 1 september 2021 parehanan di mesun sexo y esnan di sexo diferente por registra un union civil na Censo pero ambos ta keda falta e mesun derechonan civil cu matrimonio ta otorga. Dia 14 di oktober 2021, pareha van der Biezen-Cordoba, a marca historia como e prome pareha di mesun sexo pa entama un union civil na Aruba, celebracion di e ceremonia oficial a tuma lugar na Stadhuis.

Actualmente parehanan di sexo diferente por scoge entre union civil of matrimonio si nan kier tur e derecho y beneficionan cu e ultimo ta otorga. Sinembargo, parehanan di mesun sexo ta limita na un union inferior sin tur e derechonan di matrimonio como unico opcion asina hancrando discriminacion. Beneficionan incluyendo asuntonan fiscal (impuesto), servicionan social y hopi mas no ta alcansabel pa parehanan den un union civil y herencia por unicamente wordo estableci atraves di un acto notarial.

Na juni 2022 como parti di celebracionnan di Luna di Orguyo, un iniciativa di ley pa habri matrimonio pa parehanan di mesun sexo lo ser presenta. E Miembronan di Parlamento iniciador di e ley lo firma e concepto y entrega e legislacion na Presidente di Parlamento y Griffier. Na e momento ey e trayecto legal lo cuminsa y e concepto lo ser manda inmediatamente pa Raad van Advies cu lo tuma mas o menos seis siman pa evalua y despues duna nan recomendacionnan. Despues, a base di e recomendacionnan di Raad van Advies, e ley por ser modifica y manda bek pa Raad van Advies pa un di dos evaluacion of lo keda na Presidente di Parlamento pa yama un reunion publico pa trata e ley.

Nos ta spera cu prome cu fin di 2022, Parlamento di Aruba lo haya e oportunidad pa debati habrimento di matrimonio pa parehanan di mesun sexo. E cambio historico aki ta uno increiblemente importante pa tur e beneficionan cu e ta trece, specialmente pa e salud fisico y mental di e comunidad LGBT+.

Parlamentario drs. Shailiny Tromp-Lee (MEP):

Refinanciamento di prestamonan existente door di Hulanda lo haci un diferencia grandi riba gastonan di Pais Aruba

Siguiendo riba mi serie di comunicado encuanto e dos conceptonan di ley di consenso di reino COHO y RAft, e biaha aki mi lo elabora riba e tema di refinanciamento di nos prestamonan existente door di Hulanda, cual ta un punto cu mi a duna atencion special na dje den nos verslag cu a bay Hulanda pa loke ta trata RAft.

RAft

A base di articulo 16a inciso 4 di e concepto di RAft Aruba lo no por ricibi placa di Hulanda pa refinancia prestamonan existente di Aruba cu a wordo cera

prome cu e concepto di ley aki a bin na vigor, ni por refinancia prestamonan pa cubri gastonan di capital. Den e Rft di Corsou y Sint Maarten no tin e limitacion aki incorpora. Esaki ta nifica cu Corsou y Sint Maarten a base di e Rft por haci un fiansa cualkier momento via Hulanda. Pa motibo cu na mi opinion Hulanda ta trata nos diferente y mi no ta comprende dicon. Mi a dedica hopi pregunta riba e limitacion aki den RAft y a haci diferente pregunta al respecto pasobra si Hulanda refinancia nos prestamonan existente sigur esaki lo tin un impacto grandi riba nos situacion financiero.

Raad van State di Hulanda ta señala den nan conseho cu na e momentonan aki Aruba su peso di interes ta ekivalente na 20% di e entrada di Gobierno door di e tarifanan halto di nos prestamonan internacional den comparacion cu Corsou y Sint-Maarten caminda esaki solamente 3% y cu esaki ta bin door cu nan no tin e limitacion menciona aki riba den Rft.

Aruba ainda ta den fase di recuperacion di e crisis di COVID-19. Esaki hunto cu nos debenan acumula a consecuencia di esaki ta pone cu Aruba ta un pais di risico halto cu ta pone cu nos (practicamente) no por ricibi fiansa riba e mercado internacional y si por haya lo ta na un porcentahe hopi halto di cual na final Hulanda lo mester aproba tambe. Pa e motibo aki mi a dirigi varios pregunta na Hulanda den e verslag. Den e verslag mi a subraya y haci e pregunta na Hulanda pakico ta haci un distincion entre Aruba y e otro dos islanan Corsou y Sin Maarten. Alabes mi a haci e pregunta na Hulanda dicon nan no a ofrece pa sanea (parti di) e debe di Aruba, creando un punto di salida igual manera tabata e caso na 10-10-10 pa Corsou y Sint Maarten. Na mes momento mi a indica di kier sa dicon Aruba no por refinancia prestamonan existente via Hulanda., esta dicon Hulanda no a brinda nos e posibilidad aki.

Pa finalisa mi ta subraya cu tur e diferencianan aki ta pone cu Aruba tin un diferente punto di comienso y tambe lo experiencia e peso diferente y hopi mas pisa den comparacion cu Corsou y Sint Maarten. Pa Aruba e ta bay ta hopi mas facil pa logra e normanan presupuestario y alabes inverti a base di COHO si Hulanda dicidi pa sanea (parti di) nos debenan of brinda nos e posibilidad pa refinancia nos prestamonan existente tambe via nan. Si e parti di ley aki wordo cambia ta nifica cu Aruba lo por logra para mas lihe riba su mesun pianan. Mi lo ta pendiente pa wak den e "Nota naar aanleiding van het verslag" si Hulanda ta habri pa e cambio aki.

Lider di AVP mr. Mike Eman: situacion alarmante: cobrando loon-subsidie sin pordon

Gabinete Wever-Croes ta bay manda empresanan chikito y mediano bancarota!

"Desde e momento cu nos a mira den presupuesto 2022 cu Gabinete Wever-Croes ta bay cobra "loon-subsidie" back di empresanan cu supuestamente a haya di mas nos a alerta pa e forma con ta bay haci esaki", e lider di fraccion di AVP mr. Mike Eman a expresa cu hopi preocupacion.

Nos a mira den presentacionnan di Gabinete Wever-Croes ta bay cobra back, pa medio di SVB, mas di 80 miyon florin for di empresanan mediano y chikito. Segun Gabinete Wever-Croes mas di 1800 empresa inhustamente a haya mas "loon-subsidie" cu nan tabata tin derecho riba dje. Mr. Mike Eman ta bisa cu e momento cu Gabinete Wever Croes a anuncia e cobramento back aki nos a expresa cu nos ta teme cu hopi negoshi na Aruba no ta prepara pa por bay sobrebibi sin "loon-subsidie" corda bay paga back e sumanan cu Gabinete Wever-Croes ta menciona, anto den un termino di dos aña.

Den Parlamento Gabinete Wever Croes a bin anuncia durante tratamento di e ley di "loon-subsidie" cu lo bay na cobra e empresanan aki, pasobra segun calculacion cu a haci via departamento di impuesto e empresanan aki a haya demasiado salaris subsidie. Eman ta bisa cu a alerta cu mester atende e asunto aki cu hopi cautela, pasobra negoshinan ta hopi fragiel na e momentonan aki.

"Nos a hasta referi na locual a pasa na Hulanda, con un proceso asina di cobra majornan back sumanan di "kindertoeslag" cu supuestamente nan lo a haya dimas of no tabata tin derecho riba dje a desemboca den un proceso hopi inhusto den cual miles di famia a bira victima. For di esaki a sali un rapport devastador bao di e titulo "Ongekend Onrecht". Un inhusticia nunca bisto, tabata e conclusion di e investigacion parlamentario, ta locual a worde cometi contra miles di famia inocente".

Awe tin un situacion alarmante, "ongekend onrecht" ta tumando lugar cu negoshinan chikito y mediano cu un cobramento feroz cu ta bay desemboca cu negoshinan mester bati bancarota pa motibo di e forma con Gabinete Wever-Croes awor kier cobra loon-subsidie back. Nos ta tende di sumanan entre 50.000 florin te cu 350.000 florin cu ta cobrando empresanan chikito y mediano, e lider di fraccion di AVP, mr. Mike Eman a enfatisa.

A haci campaña cu FASE y "Loon-Subsidie" y awor ta bati na porta di tur hende pa paga back. "Ongekend Onrecht", ta bira amargo realidad awor na Aruba. Gabinete

Wever-Croes no kier realisa cuanto nan a perhudica y chica e pueblo caba, e lider di fraccion di AVP, mr. Mike Eman ta finalisa bisando

Ohala e angelitonan sosega na pas y cu Dios duna e famia hopi forsa," Prome Minister a termina bisando.

Fiscalnan ta cla pa huicio di asesinato di Peter R. de Vries

(NLTimes) - "Un caso fuerte" ta e manera cu Ministerio Publico (OM) ta describi e documentonan den e caso di e asesinato di Peter R. de Vries cu lo ser entrega den su forma final na corte di Amsterdam dia 7 y 15 di juni.

E dos sospechosonan ta e culpablenan di e asesinato cu a asombra henter e nacion y internacionalmente por igual, segun husticia. Un investigacion extenso te ainda ta andando.

De Vries di 64 aña di edad a ricibi tiro di cerca riba dia 6 di juli na aña 2021 na Lange Leidsedwarsstraat na Amsterdam. El a caba di tin un presentacion na RTL Boulevard anteriormente. 9 dia despues su persona a fayece na hospital.

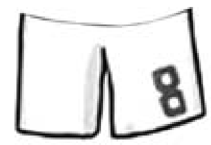

Sospechosonan KAmil E. y delano G. a ser aresta dentro di un ora di e atake. Den e auto cu e sospechosonan a usa pa huy for di e escena, cuerpo policial a haya e arma di candela usa pa comete e asesinato, cual tabatin e DNA di G.

E smartphone haya den e vehiculo tabatin mensahenan cu a indica cu e dos sospechosonan tabata controla pa un persona ken te ainda no a ser identifica. Segun OM, e calma cu cual nan a papia tocante e asesinato, a pinta un "imagen macabro."

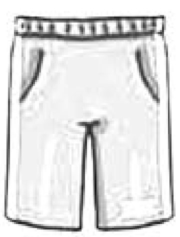

Autoridadnan tin e impresion cu de Vries su asesinato tin di haber cu e reportero di crimen su rol den e huicio extenso di e asesinatonan Marengo, cu e sospechoso principal Ridouan Taghi. De Vries a actua como consehero y confidente di Nabil B., e testigo clave den e huicio aki. Desde cu el a ser anuncia den comienso di 2018 cu B. a bira un testigo, su ruman homber inocente Reduan y su abogado Derk Wiersum a keda asesina.

E proceso criminal contra E. y G. lo ta estrictamente limita na nan rol ehecutivo den e asesinato di De Vries. Corte a ordena cu ambos mester ta presente na corte.

Varios empleado kier opcion di por intercambia dianan liber oficial pa celebra otro dianan

(NLTimes) - Den un encuesta nobo di EenVandaag, casi mita di e respondientenan a indica cu nan lo kier cambia un di e dianan liber oficial pa un "dia di diversidad."

E dia flexibel aki lo permiti empleadonan di diferente cultura y creencia celebra dianan special cu no ta necesariamente parti di e kalender cristian. Personanan di antecedente antiliano y Surnameño tabata e gruponan cu opinionnan mas faborabel pa e "dia di diversidad" aki. 74 porciento di nan a bisa cu nan lo kier e dia aki. Di otro banda, 4 di cada 10 persona cu a participa den e encuesta no tabata di acuerdo cu e idea aki.

"Mi ta completamente contra di esaki," un di nan a skribi. "Nos biba na Hulanda unda nos tin un cultura originalmente cristian. Otro culturanan mester acepta esaki y adapta na nos. Otro caminda den mundo, nos dianan no ta celebra, toch?" un persona a expresa.

Sinembargo, hopi persona ta di acuerdo cu algun dia liber nacionlamente manera White Maandag ta perdiendo su importancia te hasta pa personanan cu antecedente y creencia cristian. "Tur e 'di dos' dianan ta solamente pa comercio. Den mi opinion, por descarta e dianan aki y permiti personanan intercambia esaki di acuerdo na loke nan ta mira mas necesario," otro residente a opina.

Na luga di e dianan aki, personanan a bisa cu nan lo kier celebra dianan di e aña manera Dia di Libertad, Eid al-Fitr of haya un dia off durante 'Pride" month, unda cu ta celebra e personanan cu ta forma parti di e comunidad LGBTQ+.Varios persona a bisa cu nan kier celebra e abolicion di sclavitud riba dia 1 di juli, conoci como Keti Koti.

CAP ta obtene certificacion Aerodrome

(CuraçaoChronicle) – Un biaha mas CAP a obtene e certificacion Aerodrome. A pesar di e temponan duro cu a pasa durante e ultimo 2 añanan, CAP a logra ricibi e certificacion aki.

Organisacion Internacional di Aviacion Civil (ICAO na Ingles), ta un organisacion specialisa di Nacionnan Uni, unda cu ta brinda sosten diplomatico y cooperacion pa cu e transito aereo. Nan ta cambia e principionan y tecnicanan di nabegacion aereo internacional y ta yuda desaroya e plan y desaroyo di transport aereo internacional pa sigura un crecemento ordena y sigur.

E Aerodrome Certification ta un rekisito den ICAO Annex 14 - Aerodromes, Volume I - Aerodrome Design and Operations desde aña 2001. E ta un manera comproba di ta efectivo den sigura operacionnan aereo eficiente y sigur, pa via di un proceso cu ta examina varios componente, cu e meta di verifica nan cumplimento cu e standardnan internacional dicta pa SARPs (Standard and Recommended Practices).

CAP a comenta, "Como un compania nos ta sigui traha duro den desaroya y aplica guianan di siguridad pa operacionnan di e aerolineanan, pasaheronan, empleadonan, e condicion di nos infrastructura y e experiencia en general, pa asina nos sigura cu nos ta cumpli cu tur e standardnan internacional."

"E acreditacion aki ta permiti nos mira di manera sigur e desaroyo di aviacion comercial y permiti mas pasahero pa asina beneficia e economia y turismo di Corsou."

Escasez di empleado ta menasa sistema hudicial di Corsou

(CuraçaoChronicle) - Conseho pa aplica ley, tambe conoci como RvR ta kere cu e escasez di personal experto ta pone den peliger e sistema legal di Corsou.

Esaki ta basa riba reportahe di "The State of Law Enforcement Curaçao 2021."

E ta concerni e escasez di empleado na Public Prosecution Service (OM), cuerpo policial di Corsou, National Criminal Investigation Department y Central Probation Service. Pa causa di e escasez aki, cierto casonan no por ser investiga ni procesa adecuadamente tampoco.

RvR tambe ta menciona cu tin un falta di maneho adecua dentro di e cadena hudicial. Como resultado di esaki, decision cu ta hopi importante pa tuma no ta ser haci.

Hues lo tuma decision den caso di dolfijn na Curaçao Sea Aquarium dia 9 di juni

(CuraçaoChronicle) - Hues lo duna declaracion proximo diahuebs, dia 9 di juni, den e caso di derechonan di bestia cu a ser treci dilanti den contra di Curaçao Sea Aquarium.

E comienso di e caso aki a tuma luga recientemente. Segun grupo di accion Hulandes pa derechonan di bestia, 5 dolfijn lo enfrenta morto sigur si manera cu Sea Aquarium tin plania, nan ser hiba Saudi Arabia pa ser poni den Fakieh Aquarium di Jeddah. E ta concerni e dolfijnnan Serena, Machu, Mosa, Sami y Luna, kendenan tur a nace na Corsou.

Beneficio Financiero

Derechonan di Bestia ta acusa Sea Aquarium di trafica dolfijn pa beneficio financiero. Segun e grupo aki, un dolfijn lo trece un ganashi di mas di mita miyon florin. E benta di 5 dolfijn lo genera un ganashi di mas di 2.5 miyon florin.

Segun Sea Aquarium y Dolphin Academy, no tin nada malo cu e benta aki y e permisonan a ser otorga bao di condicionnan hopi estricto, cual a ser revisa den etapanan preliminar y a cu cual a cumpli. E organisacion si a indica cu Sea Aquarium y Dolphin Academy a ser afecta severamente pa causa di e crisis di coronavirus. Di e 185 empleado full-time, solamente tin 111 ta keda. Ademas, Sea Aquarium ta habri solamente 5 dia di e 7 dianan den un siman, mientras cu e costonan ta sigui core.

Dominacion

Segun Sea Aquarium, benta tambe ta necesario, aparentemente pa motibo cu tin demasiado dolfijn. Di e 6 cu e doño Adriaan 'Dutchie' Schrier a cuminsa cune, awo tin mas di 20. Pa motibo cu tin relativamente mas homber entre nan, segun Sea Aquarium tin un peliger di dominacion cu lo por surgi den futuro y e organisacion kier evita esaki.

E alegacionnan cu e dolphinarium na Saudi Arabia no ta adecua pa bestia ta leu di e berdad, segun Sea Aquarium. E grupo di derechonan di bestia ta bisa cu e dolfijnnan na e sitio en cuestion ta caba den curpa di awa cu tin chlorine aden, cual tambe ta infesta di santo for di e desierto. Aparentemente dolfijn a yega di fayece pa causa di e condicionnan aki.

Terapia di dolfijn

E organisacion tambe ta descarta e acusacion cu Sea Aquarium ta un parke di diversion comercial cu solamente tin den mente genera ganashi cu dolfijnnan. Esaki lo ta contradeci pa entre otro, e hecho cu Dolphin Academy ta ofrece terapia pa muchanan autista y muchanan di sindroma di Down. Sinembargo, varios ta trece dilanti cu precisamente e modelo di organisacion aki ta loke ta genera e ganashi. Mas di 300 famia ta haci uso anual di e terapia aki, cual tin cu paga mas o menos 15,000 florin.

Derechonan di bestia kier preveni e relocalisacion di e 5 dolfijn aki y ta pidi corte impone un sancion di 100,000 florin pa dia. Justo antes cu e caso a ser treci dilanti, a aumenta e demanda na 500,000 florin.

Ann Turner Cook, original Gerber baby, dies at 95

(AP) — Ann Turner Cook, whose cherubic baby face was known the world over as the original Gerber baby, has died. She was 95.

Gerber announced Cook's passing in an Instagram post on Friday.

"Many years before becoming an extraordinary mother, teacher and writer, her smile and expressive curiosity captured hearts everywhere and will continue to live on as a symbol for all babies," the company said.

Cook was 5 months old when a neighbor, artist Dorothy Hope Smith, drew a charcoal sketch of her that was later submitted for a contest Gerber was holding for a national marketing campaign for baby food.

The image was a hit, so much so that it became the company's trademark in 1931 and has been used in all packaging and advertising since.

For decades, though, the identity of the baby was kept secret, spurring rumors about who it was with guesses including Humphrey Bogart and Elizabeth Taylor.

In the late 1970s, it was revealed to be Cook, who grew up to be an English teacher in Tampa, Florida, and later a mystery novelist.

Cook told The Associated Press in a 1998 interview that her mother had told her when she was young that she was the baby in the illustration.

She said, "If you're going to be a symbol for something, what could be more pleasant than a symbol for baby food?"

As for the image itself, she said, "All babies are appealing. The reason that drawing has been so popular is the artist captured the appeal that all babies have."

Abbott restarts baby formula plant linked to contamination

By MATTHEW PERRONE
AP Health Writer

WASHINGTON (AP) — Abbott Nutrition has restarted production at the Michigan baby formula factory that has been closed for months due to contamination, the company said Saturday, taking a step toward easing a nationwide supply shortage expected to persist into the summer.

The February shutdown of the largest formula factory in the country led to the supply problems that have forced some parents to seek formula from food banks, friends and doctor's offices.

Abbott said it initially will prioritize production of its EleCare specialty formulas for infants with severe food allergies and digestive problems who have few other options for nutrition. The company said it will take about three weeks before new formula from the plant begins getting to consumers.

"We will ramp production as quickly as we can while meeting all requirements," Abbott said in a statement.

The plant's reopening is one of several federal actions that are expected to improve supplies in the weeks ahead. President Joe Biden's administration has eased import rules for foreign manufacturers, airlifted formula from Europe and invoked federal emergency rules to prioritize U.S. production.

Abbott closed the Sturgis, Michigan, factory in February after the Food and Drug Administration began investigating four bacterial infections among infants who consumed powdered formula from the plant. Two of the babies died. The company continues to state that its products have not been directly linked to the infections, which involved different bacterial strains.

FDA inspectors eventually uncovered a host of violations at the plant, including bacterial contamination, a leaky roof and lax safety protocols. The FDA has faced intense scrutiny for taking months to close the plant and then negotiate its reopening. Agency leaders recently told Congress they had to enter a legally binding agreement with Abbott to assure all the problems were fixed.

Abbott's February recall of several leading brands, including Similac, squeezed supplies that had already been strained by supply chain disruptions and stockpiling during COVID-19 shutdowns.

The shortage has been most dire for children with allergies, digestive problems and metabolic disorders who rely on specialty formulas. The Abbott factory is the only source of many of those products, providing nutrition to about 5,000 U.S. babies, according to federal officials.

Abbott is one of just four companies that produce about 90% of U.S. formula. The company's recalls and shutdown triggered a cascade of effects: Retailers have limited customer purchasing to conserve supplies and parents have been told to switch brands to whatever formula is in stock.

FDA Commissioner Robert Califf recently told lawmakers it could be about two months before formula supplies return to normal levels.

The agency has waived many of its regulatory requirements to accept more formula from the United Kingdom, Australia and other nations.

U.S. manufacturers, including Reckitt and Gerber, have also stepped up production, running plants 24/7 and sourcing more formula from alternate facilities.q

Agency ruling delivers big setback to Okefenokee mining plan

By RUSS BYNUM
Associated Press

SAVANNAH, Ga. (AP) — A federal agency has delivered a big setback to a company's controversial plan to mine near the edge of the Okefenokee Swamp and its vast wildlife refuge.

A government memo said Friday that the Army Corps of Engineers is reasserting jurisdiction over Twin Pines Minerals' proposal to mine minerals just outside the Okefenokee, home to the largest U.S. wildlife refuge east of the Mississippi River.

Scientists have warned that mining close to the swamp's bowl-like rim could damage its ability to hold water. They urged the Army Corps of Engineers to deny the project a permit. But the agency declared in 2020 it no longer had that authority after regulatory rollbacks under then-President Donald Trump narrowed the types of waterways qualifying for protection under the Clean Water Act.

Trump's rollbacks were later scrapped by federal courts. President Joe Biden's administration has sought to restore federal oversight of development projects that under Trump had been allowed to sidestep regulations to prevent pollution of streams or draining of wetlands.

Michael Connor, the assistant Army secretary for civil works, said in the Friday memo that prior decisions waiving the Army Corps' jurisdiction over the Georgia mining plan and another proposed mine outside Tucson, Arizona, had been reversed.

Connor wrote that both projects would have to start over with new applications for federal permits. He said the prior decisions allowing them to bypass federal regulators "are not valid" because tribal governments with ancestral ties to the proposed mining sites had not been consulted.

The Twin Pines project in Georgia will require consultation with the Muscogee Creek Nation before it can move forward, the memo said.

"We have said from the day we announced our plans that we would follow the regulations before us at any given time," Steve Ingle, president of Twin Pines, said in a statement. He added: "We intend to move forward with our application and fulfill all requirements."

U.S. Sen. Jon Ossoff, a Georgia Democrat who has fought the proposed mine outside the Okefenokee since he took office last year, called the decision a major victory.

"I am pleased to announce the restoration of protection for this wildlife refuge and its surrounding wetlands," Ossoff said in a statement late Friday. "The Okefenokee is a natural wonder and one of Georgia's most precious lands. I will continue fighting to protect it for future generations."

Alabama-based Twin Pines had been awaiting a permitting decision by Georgia's Environmental Protection Division, the sole regulator with oversight over the project before the federal government's Friday decision, which restores the Army Corps regulatory authority over 556 acres (225 hectares) of wetlands in the proposed mining area.

The Okefenokee National Wildlife Refuge covers nearly 630 square miles (1,630 square kilometers) in southeast Georgia and is home to alligators, bald eagles and other protected species. The swamp's wildlife, cypress forests and flooded prairies draw roughly 600,000 visitors each year, according to the U.S. Fish and Wildlife Service, which manages the refuge.

Two decades ago, chemical giant DuPont retreated from plans to mine outside the Okefenokee after meeting fierce resistance. Twin Pines wants permits to mine a small fraction of the acreage DuPont pursued. Ingle has insisted his company can mine the site without harming the swamp.

Government scientists have been skeptical. In February 2019, the Fish and Wildlife Service wrote that the proposed mine could pose "substantial risks" to the swamp, including its ability to hold water. Some impacts, it said, "may not be able to be reversed, repaired, or mitigated for."

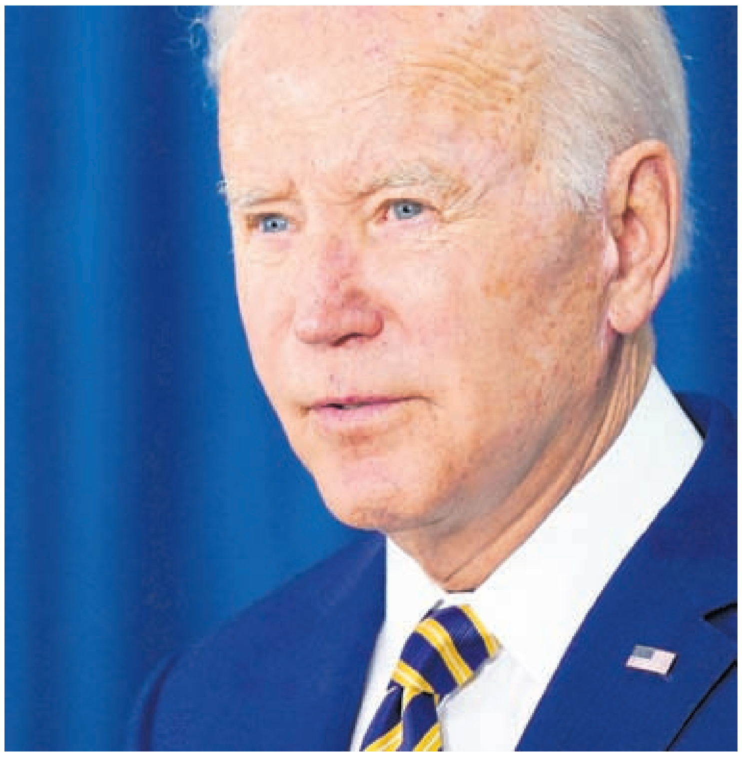

Conservation groups cheered the federal government's decision.

"Mining on the doorstep of a rare ecological treasure like Georgia's Okefenokee Swamp defies common sense," Kelly Moser, an attorney for the Southern Environmental Law Center who specializes in clean water issues, said in a statement. "And we are thrilled that this announcement removes the threat to hundreds of acres of critically important wetlands."q

Biden scrambles to avoid Americas Summit flop in Los Angeles

(AP) — When leaders gather this week in Los Angeles at the Summit of the Americas, the focus is likely to veer from common policy changes — migration, climate change and galloping inflation — and instead shift to something Hollywood thrives on: the drama of the red carpet.

With Mexican President Andrés Manuel López Obrador topping a list of leaders threatening to stay home to protest the U.S.' exclusion of authoritarian leaders from Cuba, Nicaragua and Venezuela, experts say the event could turn into a embarrassment for U.S. President Joe Biden. Even some progressive Democrats have criticized the administration for bowing to pressure from exiles in the swing state of Florida and barring communist Cuba, which attended the last two summits.

While the Biden administration insists the president in Los Angeles will outline his vision for a "sustainable, resilient, and equitable future" for the hemisphere, Castañeda said it's clear from the last-minute wrangling over the guest list that Latin America is not a priority for the U.S. president.

The U.S. is hosting the summit for the first time since its launch in 1994, in Miami, as part of an effort to galvanize support for a free trade agreement stretching from Alaska to Patagonia.

But that goal was abandoned more than 15 years ago amid a rise in leftist politics in the region. With China's influence expanding, most nations have come to expect — and need — less from Washington.

To bolster turnout and avert a flop, Biden and Vice President Kamala Harris have been working the phones in recent days, speaking with the leaders of Argentina and Honduras, both of whom initially expressed support for Mexico's proposed boycott. Former Senator Christopher Dodd has also crisscrossed the region as a special adviser for the summit, in the process convincing far right Brazilian President Jair Bolsonaro, who was a staunch ally of Trump but hasn't once spoken to Biden, to belatedly confirm his attendance.

Ironically, the decision to exclude Cuba, Nicaragua and Venezuela wasn't the whim of the U.S. alone.
The region's governments in 2001, in Quebec City, declared that any break with democratic order is an "insurmountable obstacle" to future participation in the summit process.

The governments of Cuba, Nicaragua and Venezuela aren't even active members of the Washington-based Organization of the American States, which organizes the summit.

3 dead, 11 wounded in Philadelphia shooting on busy street

By RON TODT
Associated Press
PHILADELPHIA (AP) — Gunfire from several shooters killed three people and wounded at least 11 others in a popular Philadelphia entertainment district late Saturday night, authorities said.

Police officers were patrolling the area on South Street in central Philadelphia at about 11:30 p.m. Saturday when they heard multiple shots. Racing to the scene, they found several people with gunshot wounds lying on the sidewalk and in the street and began to render aid, Police Commissioner Danielle Outlaw said.
Another responding officer saw a man on a street corner firing a handgun into a large crowd about half a block away, Outlaw said. The officer drew his weapon and fired several times, and police believe the man was struck before he dropped his handgun onto the sidewalk and fled, Outlaw said.
Outlaw said the dead were a 34-year-old man, a 27-year-old woman and a 22-year-old man. Investigators believe one of the three killed was involved in "a physical altercation" with another man, and those two began firing at each other, with both struck by gunfire and one killed, Outlaw said.
The two other people killed and a number of other shooting victims, who ranged from age 17 to 69, are believed to have been innocent bystanders, Outlaw said. She called it "a dark day" for the city when many people out enjoying a beautiful day were victims of "horrendous and unthinkable acts ... in a very popular local and tourist hangout."
"It's important that we bring justice to the victims, their families, and our community," she said.
Two handguns were recovered, including one with an extended magazine, but Chief Inspector Frank Vanore said investigators know from evidence at the scene that a total of five guns were involved. In addition, police are investigating several other shootings before and afterward, one fatal, to see whether they might be related.
Thomas Jefferson University Hospital spokesperson Damien Woods said 10 patients came to that particular hospital; three dead, six in stable condition and one who has since been discharged.
Outlaw said police planned to bolster resources Sunday night in that area, as well as in the nearby Penn's Landing area along the Delaware River that separates Pennsylvania from New Jersey.

South Street is known for its entertainment venues and night life with multiple bars, restaurants and businesses. Surveillance video from a local business posted by WTXF-TV showed scores of people milling about on the sidewalks and in the street, then fleeing as the gunfire broke out. Police were seeking video surveillance footage from businesses in the area.
Mayor Jim Kenney called the shooting "beyond devastating."
"Once again, we see lives senselessly lost and those injured in yet another horrendous, brazen and despicable act of gun violence," he said in a statement Sunday morning. "My heart is with the family, friends, loved ones of those lost or injured, and with everyone impacted by this terrible tragedy. "
Kenney said the surge in gun violence in the city and across the nation "makes me not just heartbroken, but angry." He said, however, fighting this violence would be "an uphill battle" without measures to address the "availability and ease of access to firearms."
Eric Walsh, closing up the outdoor seating area of a bar along the block, told The Philadelphia Inquirer that the scene was "chaos." He said he saw a young woman collapse to the ground on the corner.
"People were coming off the street with blood splatters on white sneakers and skinned knees and skinned elbows," Walsh said. "We literally just were balling up napkins and wetting them and handing them to people."

Russia hits Kyiv with missiles; Putin warns West on arms

By JOHN LEICESTER
Associated Press

KYIV, Ukraine (AP) — Russia took aim Sunday at Western military supplies for Ukraine, launching airstrikes on Kyiv that it claimed destroyed tanks donated from abroad, as Vladimir Putin warned that any Western deliveries of longer-range rocket systems would prompt Moscow to hit "objects that we haven't yet struck."

The Russian leader's cryptic threat of military escalation did not specify what the new targets might be. It came days after the United States announced plans to deliver $700 million of security assistance for Ukraine that includes four precision-guided, medium-range rocket systems, as well as helicopters, Javelin anti-tank systems, radars, tactical vehicles and more.

Military analysts say Russia hopes to overrun Ukraine's embattled eastern industrial Donbas region, where Russia-backed separatists have fought the Ukrainian government since 2014, before any U.S. weapons that might turn the tide arrive. The Pentagon said last week that it will take at least three weeks to get the U.S. weapons onto the battlefield.

Ukraine said the missiles aimed at the capital hit a train repair shop. Elsewhere, Russian airstrikes in the eastern city of Druzhkivka destroyed buildings and left at least one person dead, a Ukrainian official said Sunday. Residents described waking to the sound of missile strikes, with rubble and glass falling down around them.

"It was like in a horror movie," Svitlana Romashkina said.

Donetsk Gov. Pavlo Kyrylenko urged city residents to leave, saying on Facebook that ruined buildings can be restored but "we won't be able to bring back the lives lost."

The Russian Defense Ministry said air-launched precision missiles were used to destroy workshops in the Donetsk region of eastern Ukraine, including in Druzhkivka, that were repairing damaged Ukrainian military equipment.

Meanwhile, Ukraine's General Staff said Russian forces fired five X-22 cruise missiles from the Caspian Sea toward Kyiv, and one was destroyed by air defenses. Four other missiles hit "infrastructure facilities," but Ukraine said there were no casualties.

Nuclear plant operator Energoatom said one cruise missile buzzed close to the Pivdennoukrainsk nuclear plant, 350 kilometers (220 miles) to the south, and warned of the possibility of a nuclear catastrophe if even one missile fragment hit the plant.

On the Telegram app, the Russian Defense Ministry said high-precision, long-range air-launched missiles were used on the outskirts of Kyiv, destroying T-72 tanks supplied by Eastern European countries and other armored vehicles in a train car repair shop.But the head of Ukraine's railway system rejected the claim that tanks were inside. Oleksandr Kamyshin said four missiles hit the Darnytsia car repair plant, but no military equipment has been stored there. He said the site was used to repair gondolas and carriers for exporting grain.

"Russia has once again lied," he wrote on Telegram. "Their real goal is the economy and the civilian population. They want to block our ability to export Ukrainian products."

In a television interview that aired Sunday, Putin lashed out at Western deliveries of weapons to Ukraine, saying they aim to prolong the conflict.

"All this fuss around additional deliveries of weapons, in my opinion, has only one goal: to drag out the armed conflict as much as possible," Putin said. He insisted such supplies were unlikely to change the military situation for Ukraine's government, which he said was merely making up for losses of similar rockets.

If Kyiv gets longer-range rockets, he added, Moscow will "draw appropriate conclusions and use our means of destruction, which we have plenty of, in order to strike at those objects that we haven't yet struck."

The U.S. has stopped short of offering Ukraine longer-range weapons that could fire deep into Russia. But the four medium-range High Mobility Artillery Rocket Systems in the security package include launchers on wheels that allow troops to strike a target and then quickly move away — which could be useful against Russian artillery on the battlefield.

The Spanish daily El Pais reported Sunday that Spain planned to supply anti-aircraft missiles and up to 40 Leopard 2 A4 battle tanks to Ukraine. Spain's Ministry of Defense did not comment on the report.

In Kyiv's eastern Darnystki district, a pillar of smoke filled the air with an acrid odor over the charred, blackened wreckage of a warehouse-type structure. Soldiers blocked off a nearby road leading toward a large railway yard.

Before Sunday's early morning attack, Kyiv had not faced any such Russian airstrikes since the April 28 visit of U.N. Secretary-General António Guterres. The attack triggered air-raid alarms and showed that Russia still had the capability and willingness to hit at Ukraine's heart, despite refocusing its efforts to capture Ukrainian territory in the east.

In recent days, Russian forces have focused on capturing Ukraine's eastern cities of Sievierodonetsk and Lysychansk. On Sunday they continued their push, with missile and airstrikes on cities and villages in the Donbas.

In the cities of Sloviansk and Bakhmut, cars and military vehicles were seen speeding into town Sunday from the direction of the front line. Dozens of military doctors and paramedic ambulances worked to evacuate civilians and Ukrainian servicemen, and a hospital was busy treating the injured, many hurt by artillery shelling.

The U.K. military said in its daily intelligence update that Ukrainian counterattacks in Sieverodonetsk were "likely blunting the operational momentum Russian forces previously gained through concentrating combat units and firepower." Russian forces previously had been making a string of advances in the city, but Ukrainian fighters have pushed back in recent days.

The statement also said Russia's military was partly relying on reserve forces of Luhansk separatists.

"These troops are poorly equipped and trained, and lack heavy equipment in comparison to regular Russian units," the intelligence update said, adding that the move "indicates a desire to limit casualties suffered by regular Russian forces."

Both sides in the conflict have been waging an information war, especially on television, along with military attacks. Russia's Tass news agency reported Sunday that Ukrainian forces had knocked out broadcast TV service in Donetsk, where it said a broadcast tower had toppled. Ukrainian authorities did not immediately confirm the attack.

In the Azov Sea port of Mariupol, which Russia claimed to have captured in May following a brutal monthslong siege, a mayoral aide said water supplies contaminated by decomposing corpses and garbage were causing dysentery and posing a threat of cholera and other diseases.

In remarks carried by Ukraine's Unian news agency, Petro Andriushchenko said Russian authorities controlling the city have imposed a quarantine. He did not describe what measures Russian authorities had included, and his report could not be independently confirmed.

World Health Organization officials warned last month about the threat of cholera and other infectious diseases in Mariupol.

Also Sunday, Ukrainian President Volodymyr Zelenskyy traveled to the Zaporizhzhia region in the southeast, which is partly under Russian control. He received a battle report, thanked troops and met with refugees in what was only his second public visit outside the Kyiv area since the war began.

Far from the battlefield, Ukraine's national soccer players missed out on qualifying for a World Cup spot, losing 1-0 to Wales in an emotionally charged mission in Cardiff. Back home, some Ukrainians gathered in bars to watch the game.q

At least 49 dead in 2nd day of Bangladesh cargo depot fire

By JULHAS ALAM
Associated Press

DHAKA, Bangladesh (AP) — A massive fire at a container depot near a port city in southeastern Bangladesh killed at least 49 people, including nine firefighters, and injured more than 100 others, officials and local media reported Sunday, as efforts to extinguish the blaze continued into a second night.

The inferno at the BM Inland Container Depot, a Dutch-Bangladesh joint venture, broke out around midnight Saturday following explosions in a container full of chemicals. The cause of the fire could not be immediately determined. The depot is located near country's main Chittagong Seaport, 216 kilometers (134 miles) southeast of the capital, Dhaka.

At least nine firefighters were among the dead, according to Brig. Gen. Main Uddin, director general of the Bangladesh fire service and civil defense. More than 10 others were being treated for burns, he added.

Multiple rounds of explosions occurred after the initial blast as the fire continued to spread, Uddin said. Explosives experts from Bangladesh's military have been called in to assist the firefighters. The explosions shattered the windows of nearby buildings and were felt as far as 4 kilometers (2 1/2 miles) away, officials and local media reports said.

The death toll reached 49 by Sunday evening, according to Ekattor TV station, and the area's civil surgeon said the number could still rise as the fire raged for a second night.

Prime Minister Sheikh Hasina expressed her shock at the accident and ordered adequate arrangement for medical treatment of the injured.

Bangladesh has a history of industrial disasters, including factories catching fire with workers trapped inside. Monitoring groups have blamed corruption and lax enforcement.

Global brands, which employ tens of thousands of low-paid workers in Bangladesh, have come under fire to improve factory conditions in recent years. In the country's massive garment industry, which employs about 4 million people, safety conditions have improved significantly after massive reforms, but experts say accidents could still occur if other sectors do not make similar changes.

In 2012, about 117 workers died when they were trapped behind locked exits in a garment factory in Dhaka.

The country's worst industrial disaster occurred the following year, when the Rana Plaza garment factory outside Dhaka collapsed, killing more than 1,100 people.

In 2019, a blaze ripped through a 400-year-old area cramped with apartments, shops and warehouses in the oldest part of Dhaka and killed at least 67 people. Another fire in Old Dhaka in a house illegally storing chemicals killed at least 123 people in 2010.

In 2021, a fire at a food and beverage factory outside Dhaka killed at least 52 people, many of whom were trapped inside by an illegally locked door.q

Mediterranean nations criticize EU solidarity on migrants

By FRANCES D'EMILIO
Associated Press

ROME (AP) — Five European Union nations on the Mediterranean who fear possible waves of refugees driven by hunger out of Africa called Saturday for an end to the EU's "voluntary" solidarity on migrants and a better way to redistribute the burden of caring for them.

The Interior ministers from Italy, Cyprus, Greece, Malta and Spain wrapped up two days of talks in Venice amid worries that the blockade of Ukraine grain exports due to Russia's invasion could see huge numbers of refugees from Africa flooding southern Europe.

Cypriot Interior Minister Nicos Nouris told reporters that robust, common EU policy is needed on migration. "Solidarity is not a slogan, nor can it be void of substance," Nouris said.

Past EU policies in which member countries could offer to receive some of the hundreds of thousands of migrants landing in Italy, Greece and other southern shores proved grossly inadequate.

Many EU countries didn't step forward. Others, even with they did pledge to receive modest numbers of some of the hundreds of thousands of migrants rescued from smugglers' unseaworthy boats, didn't follow through.

"Solidarity in our mind cannot be voluntary," Nouris said.

He noted that after several years of Cyprus taking in migrants, now 5% of the eastern Mediterranean island nation's population consists of asylum-seekers.

The meeting did not address the millions of Ukrainian refugees who recently flooded into northern EU nations like Poland, Hungary and Romania.

How Europe handles large numbers of migrants takes on particular urgency now, amid fears that drought in Africa and surging food prices even before the war made shipping Ukrainian grain to Somalia, Egypt and other poor nations impossible could drive up the already alarmingly numbers of hungry people.

In the Sahel, the part of Africa just below the Sahara desert, an estimated 18 million people are facing severe hunger as farmers endure their worst production season in more than a decade.

Italian Interior Minister Luciana Lamorgese cited the blocking of grain in Ukraine as just another reason for the EU to develop a "adequate mechanism of distributing migrants" among its members.

She also pressed for more repatriation agreements with countries whose people are seeking a better life in Europe but had their asylum bids rejected since they are fleeing poverty, not war or persecution.

Italy has an effective repatriation agreement with Tunisia, but not with most other countries in Africa or in Asia whose citizens take to smugglers' boats to try to reach southern European shores. As a result, even though their asylum applications fail, many migrants remain in Italy, often taking illegal jobs or resorting to begging.

Greece's interior minister expressed support for more legal paths for migration.

"We cannot let smugglers decide who comes to live in Europe," minister Notis Mitarachi told reporters.q

Foot pain leaves French Open champ Nadal's future uncertain

By HOWARD FENDRICH
AP Tennis Writer

PARIS (AP) — Rafael Nadal's painful left foot was numbed by multiple injections to two nerves throughout the French Open, the only way he has found to deal with a chronic condition he acknowledges puts his tennis future in doubt.

At any other tournament, Nadal said, he would not have persisted through what he called such "extreme conditions."

Ah, but five simple words uttered after he strung together the last 11 games of a 6-3, 6-3, 6-0 victory over an overwhelmed Casper Ruud in Sunday's intriguing-for-a-handful-of-minutes final at Court Philippe Chatrier explained Nadal's mindset: "Roland Garros is Roland Garros."

And so even if Nadal, a French Open champion for the 14th time now at age 36, is in obvious ways different from Nadal, a French Open champion for the first time all the way back in 2005 at age 19, that desire to give his all, no matter what, to "find solutions" — one of his oft-used phrases — remains the same.

He is the oldest champion in the history of a tournament that began in 1925, and his hair is thinning on top. The chartreuse T-shirt he wore Sunday had sleeves, unlike his biceps-baring look of nearly two decades ago. The white capri pants that ran below his knees back in the day were long since traded in for more standard shorts; Sunday's were turquoise.

Here's what hasn't changed along the way to his 22 Grand Slam titles in all, another record, in addition to his between-point mannerisms and meticulous attention paid to the must-be-just-so placement of water bottles and towels: That lefty uppercut of a topspin-slathered, high-bouncing forehand still finds the mark much more frequently than it misses, confounding foes. That ability to read serves and return them with a purpose still stings. That never-concede-a-thing attitude propelling Nadal from side to side, forward and backward, speeding to, and redirecting, balls off an opponent's racket seemingly destined to be unreachable.

Nadal is nothing if not indefatigable, just as he was in consecutive four-hour-plus victories earlier in the tournament — including against Novak Djokovic, the defending champion and No. 1 seed — and again on this afternoon, even while competing on a foot devoid of any feeling.

"When you are playing defensive against Rafa on clay," said Ruud, a 23-year-old Norwegian who was participating in his first major final, "he will eat you alive."

Nadal said afterward he will try other methods of helping his foot — including, even, a way "to burn, a little bit, the nerve" — over the next week to see whether that might allow him to enter Wimbledon, where he has won two of his men's-record 22 Grand Slam titles. Play begins at the All England Club on June 27.

If these new treatments do not work, Nadal said, then he will need to consider having what he termed major surgery — and, eventually, a "decision about what's the next step in my future."

"It's obvious that with the circumstances that I am playing (in)," Nadal said, "I can't and I don't want to keep going."

During the trophy ceremony, Nadal thanked his family and support team, including a doctor who accompanied him to Paris, for helping him, because otherwise he would have needed to "retire much before."

"I don't know what can happen in the future," Nadal told the crowd, "but I'm going to keep fighting to try to keep going."

He played so crisply and cleanly Sunday, accumulating more than twice as many winners as Ruud, 37 to 16. Nadal also committed fewer unforced errors, making just 16 to Ruud's 26. After trailing 3-1 in the second set, Nadal would not cede another game.

"After that moment," Nadal said, "everything went very smooth."

Sure did.

The view from the other side of the net?

"I'm just another one of the victims," Ruud said, "that he has destroyed on this court."

One of the most indelible memories Ruud will take away from this day was hearing the announcer recite the long list of years Nadal had previously won the French Open: 2005, 2006, 2007, 2008, 2010, 2011, 2012, 2013, 2014, 2017, 2018, 2019 and 2020.

"Never stops, it seems like," Ruud said. "That takes like half a minute."

When the players met at the net for the prematch coin toss, the first chants of "Rafa! Ra-fa!" rang out in the 15,000-seat stadium. Ruud would later hear folks in the stands do drawn-out pronouncements of his last name, so it sounded as if they might be booing.

Nadal is 14-0 in finals at Roland Garros, 112-3 overall. When this one ended with a down-the-line backhand from Nadal, he chucked his racket to the red clay he loves so much and covered his face with the taped-up fingers on both of his hands.

No man or woman ever has won the singles trophy at any major event more than his 14 in Paris. And no man has won more Grand Slam titles than Nadal.

He is two ahead of Roger Federer, who hasn't played in almost a year after a series of knee operations, and Djokovic, who missed the Australian Open in January because he is not vaccinated against COVID-19.

For all that he has accomplished already, Nadal now has done something he never managed previously: He is halfway to a calendar-year Grand Slam thanks to titles at the Australian Open and French Open in the same season.

But if he can't play at Wimbledon, which he has won twice, that doesn't really matter much.

Ruud considers Nadal his idol. He recalls watching all of Nadal's past finals in Paris on TV. He has trained at Nadal's tennis academy in Mallorca.

They have played countless practice sets together there with nothing more at stake than bragging rights. Nadal usually won those, and Ruud joked the other day that's because he was trying to be a polite guest.

The two had never met in a real match until Sunday, when a championship, money, ranking points, prestige and a piece of history were on the line. And Nadal demonstrated, as he has so often, why he's known as the King of Clay — and among the game's greatest ever.

"It's something that I, for sure, never believed — to be here at 36, being competitive again, playing in the most favorite court of my career, one more time in the final," Nadal said. "It means a lot to me. Means everything."q

Haney retains WBC lightweight belt in decision over Kambosos

MELBOURNE, Australia (AP) — American Devin Haney made it official — and unanimous — on Sunday. He's the undisputed world lightweight boxing champion.

Haney retained his WBC lightweight title and added three more from the weight class after his unanimous points decision over Australian George Kambosos.

The 23-year-old Haney won three of the first four rounds and was well ahead at the halfway point of the 12-round bout to become undisputed champion in the lightweight division.

The judges scored the fight 116-112, 116-112 and 118-110 in Haney's favor.

Haney, who proved to be the better technical fighter before a crowd of 41,129 at the covered Marvel Stadium in Melbourne, now has an undefeated record of 28-0 with 15 KOs.

"I was comfortable, just sticking to the game plan," Haney said. "The game plan was to hit and not get hit. I fought a good smart fight. He couldn't hit me with either of his best shots."

Haney praised the U.S.-based Kambosos, who was fighting for the first time in his native Australia in five years.

"I take my hat off to him, he's a true warrior. Even though he got disrespectful, I stayed a gentleman," Haney said. "A lot of these so-called champions wouldn't give me my shot, but George has."

Kambosos, 28, held the WBO, WBA, and IBF lightweight titles heading into the fight. Those now belong to Haney.

Kambosos' unbeaten pro career record has ended — he's 20-1 with 10 KOs. Kambosos won all three of his world titles when he beat Teofimo Lopez in 2019.

"It's amazing for the sport and the country," Kambosos said after handing over his belts to Haney. "I wanted to take the hardest test and I will give him full respect after his victory. Let him have his time."

While Kambosos landed the heavier blows throughout the 12-round contest, Haney peppered the home hope with left jabs to win over the judges.

The fighters barely threw a punch in a watchful opening round that Kambosos may have stolen with a late combination to the American's body. Kambosos landed the first big punch of the fight, a heavy right to Haney's head, in the second as the Australian had his challenger retreating.

A more aggressive Haney took the third round with a series of left jabs and looked to have also shaded the fourth before Kambosos delivered a big left hook late.

Kambosos landed another strong, much-needed left in the sixth round as Haney's peppering jab began to show on the Australian's face. Haney controlled rounds seven and eight, leaving Kambosos to find something to sway the judges.

The Australian took the ninth round, but couldn't penetrate Haney's defense in the final rounds.

"I thought the fight was very close," Kambosos said. "He boxed his game, he moved. He didn't want to come to fight too much but that's his game."

Kambosos suggested a rematch might be in the cards.

"I'm going to change a few things and get him back later this year," Kambosos said. "I take the risk, not many wanted to fight him but I gave him a shot. Today they gave him the decision but I'm sure that will change when we get it on again."q

Yanks top Tigers 5-4, 39-15 at 1/3 mark, best since 2001 Ms

By LARRY FLEISHER
Associated Press

NEW YORK (AP) — Josh Donaldson hit a 10th-inning sacrifice fly, and the New York Yankees came from behind twice to beat the Detroit Tigers 5-4 on Sunday to reach the one-third mark of the season at 39-15, the best in the major leagues in 21 years.

Joey Gallo's two-run homer in the fifth off overcame an early deficit and the Yankees won for the 10th time in 12 games, completing a three-game sweep of the Tigers and extending their winning streak to six. Their 39-15 record is the winningest after the season's first third since the 2001 Seattle Mariners were 42-12.

"Just a lot of guys with a hand in the victory again," manager Aaron Boone said.

Anthony Rizzo tied the score 4-4 in the eighth after he was hit near the left knee by a bounced pitch, stole second and continued to third when second baseman Jonathan Schoop allowed the ball to bounce of his glove for an error. Rizzo slid home when third Harold

Castro's high throw on Gleyber Torres' RBI grounder glanced off Eric Haase's mitt for another error.

"It's nice always whenever you can impact a game in a big way," Rizzo said. "I think our pitching and defense has been outstanding. It just allows all of us to play free and just play baseball."

With Aaron Judge as the automatic runner in the 10th, Rizzo reached on an infield single off off Gregory Soto (2-3) that Schoop knocked down on the right side of second. Donaldson followed with a drive to the left-field warning track for his 13th big league walkoff, his second this year and the Yankees' sixth.

"I'm just trying to find the barrel at that time to be able to get a ball hopefully up in the air," Donaldson said. "He's a tough guy to elevate just because he throws 100 (mph), he's got a nasty slider and he throws a sinker."

Ending a rare 11:30 a.m. start, Donaldson's fly ball gave the Yankees their 20th home win 24 games and a MLB-best 23-7 home mark.

"The biggest thing for us to play any time of the day, eleven thirty game is tough," Rizzo said. "We want to dominate at home," Rizzo said. "The more we dominate here, the more the city is going to buzz, the more the fanbase is going to buzz.

Michael King (3-1) struck out the side in the 10th.

Yankees starter Jordan Montgomery allowed two runs and five hits in 6 1/3 innings.

New York ended a streak of five straight games allowing one run or fewer, its most since six in a row from Sept. 24-30, 1978.

Detroit's Miguel Cabrera had his 245th game of three hits or more and reached four times. His tying single off Miguel Castro in a two-run eighth was his 3,036th hit. Pinch- runner Kody Clemens — son of Roger — scored on Javier Báez's single under Rizzo's glove at first for a 4-3 lead.

Torres had scored for a 3-2 New York advantage in the seventh when Alex Lange walked DJ LeMahieu with the bases loaded.

Báez hit an RBI double and scored on a single by Daz Cameron as the Tigers took a 2-0 lead in the fourth.

"They outplayed us at the game, they outexecuted us and they are a winning team," Detroit manager AJ Hinch said. "At the end of the game, its gets more magnified when you missed some opportunities."

Detroit starter Rony García allowed Gallo's homer over four innings against the team who left him unprotected in the 2019 winter meeting draft.q
